## VISIT INFORMATION PACK

### About Princes Foods

With a global supply network and a portfolio of branded and customer own brand products, Princes is one of Europe's largest food and drink groups.

We specialise in sourcing and manufacturing quality products and, as a leading international grocery supplier, millions of consumers across Europe buy our brands and products every day.

Owned by Newlat Foods since 2024 the company continues to grow both organically and through acquisition.

Princes Food brands include: Napolina, C&D, Flora, Batchelors, Branston, Crosse & Blackwell, Jucee and Trex. Its own branded products are well established household names across the world.

The company's vision is Delighting more people with more sustainable choices. They are proudly offering great tasting choices for everyone without costing the earth.

### HIGHLIGHTS OF THE VISIT

As the UK's largest producer of retail oils, this purpose built site supplies over 100m litres each year. It forms the hub of our cooking oil production and is fully integrated with the adjacent refinery complex – one of the largest seed oil crushing and refining establishments in Europe. It bottles the market-leading brands of Crisp 'n' Dry and Flora. The site also packs rapeseed and sunflower oils for customer own brands, with raw material oil supplied through a direct pipeline to the holding tanks on the bottling site.

The recent site transformation leveraged Lean and continuous improvement methods to optimise production processes to their fullest potential. During your visit, you will observe efficient production, the implementation of automation and digitisation, and well-organized workplaces throughout the entire site. Additionally, you will see how Princes has achieved exceptional levels of engagement through targeted training and effective communication, all in support of their continuous improvement activities.
